BOLD SAFETY

Symmetrical All-Wheel Drive

Designed to distribute power to all wheels for better steering response. It offers surefooted stability even at high speeds or in bad weather, plus balance and traction on wet roads too.

Subaru Global Platform

Taking superior driving capabilities to a new level, the Subaru Global Platform delivers improved manoeuvrability, reduced vibration and noise, plus the confidence to navigate all roads.

Direct Fuel Injection Boxer Engine

In addition to the lower centre of gravity, the 2.0-litre horizontally-opposed engine now comes equipped with Direct Injection to boost fuel economy, engine output and performance.

All-Around Safety

The increased use of high-tensile steel provides a stronger frame that improves impact energy absorption by 40%. A total of 7 SRS airbags - front, front-side, curtain, and knee - offer a higher level of protection.

BOLD FEATURES

X-MODE

Conquer any challenging weather and roads with the X-MODE function, adding even more peace of mind to your drive.

Steering Responsive Headlights Spacious Boot

The illumination direction of the headlights moves left or right according to the steering wheel to ensure better visibility.

In addition to being more spacious, the luggage compartment also has a wider, almost square opening, allowing for greater ease when loading and unloading bulky luggage and other items.
